RESUMÉ

I'm a self-reliant Motion Graphic Designer based in Copenhagen, Denmark. I have worked on a wide range of projects, from commercials to corporate films and opening Titles. I have a bachelor's degree in Graphic Communication. My obsession with moving images drives me to seek for the best result and create creative beautiful imagery in every project I work on. After many years as a musician I also have good knowledge and experience with audio and an ear for how music and sounds can influence stories.
